

INTERCHANGE IMPROVEMENTS

Improvements include:

- Reconstruction of the SR 70 interchange converting from a partial cloverleaf design to a modified diamond interchange design
- Replacement and widening of interstate entrance and exit ramps
- Adding emergency stopping sites on the exit ramps
- Bridge work including replacing the bridge over SR 70 and widening the bridge over the Braden River
- Construct noise walls at designated locations
- Widen I-75 from north of University Parkway to south of SR 64
- Resurface SR 70 from Tara Boulevard to 87th Street E
- Install 5-foot sidewalks with high emphasis crosswalks on SR 70
- Install 6.5-foot bike buffered lanes on SR 70
