

# SR 82 Widening from the Lee/Hendry County Line to the Hendry/Collier County Line

## *Hendry County*

Financial Project ID: 425814-5-52-01

January 2016

The Florida Department of Transportation's contractor, Community Asphalt Corporation works to widen SR 82 to four lanes from the Lee/Hendry County line to the Hendry/Collier County line. This 1.3 mile project improves drainage to manage water running off the roadway and builds new five-foot sidewalk on the north side of the road.

Motorists should expect lane closure during daytime and nighttime hours. During lane closures, flagmen will be on site to direct traffic. Speed limits will remain the same during construction.

Please be aware of heavy machinery and large trucks entering and exiting the roadway. Estimated project completion is end of 2016. Project cost is \$7.6 million.
