

# TOGETHER WE TRAVEL: EXPLORING SWFL COMMUTE OPTIONS

## OUR MISSION

Our program supports workforce access by connecting people with reliable transportation options to get to work.

 353 new members

 90+ partners!

 30,392 recorded trips

 405 trip planner inquiries

DATA PULLED ON 12/16/2025

## ONWARD, COMMUTERS!

This year **YOU** made it happen. Together we recorded 30,392 trips with 595 active members. Thank you for being part of our community and helping more neighbors and coworkers discover transportation options across Southwest Florida!

To stay updated on program announcements and informational content, you can follow our social media channels linked [HERE](#)!

## COMMUNITY

This year, we expanded outreach to smaller retail employers with 25 or fewer employees an often underserved group. Our team visited targeted locations, engaging directly with commuters who asked questions and learned about the transportation options available to them. In Polk County, one commuter we met during a site visit now uses our software regularly. Shoutout to Stacin in Polk County for making the most of these resources!

## EMERGENCY?

Eligible commuters may access the Emergency Ride Home (ERH) program, which provides up to six reimbursable emergency trips per year, each covering up to \$100. Learn more [HERE](#).
