The Project Plan

FDOT SR 700 (US 98) (Peace River - Fort Meade) at John Singletary Bridge Factsheet

FDOT Compass Categories

SCOPE OF WORK

- Replace existing bridge with full demolition
- New bridge will have shared multi-use path
- Realignment of approach and wildlife crossings
- Repurpose of historic railing
- Pedestrian safety improvements
- Milling and resurfacing
- Complete drainage reconstruction

THE NEW STRUCTURE (pictured)

- Will realign the approach roadways
- Flatten the S curve
- Add wildlife crossings under the bridge on both ends
- Add pedestrian and bicycle accommodations
