

How to Safely Navigate a Roundabout

What you need to know!

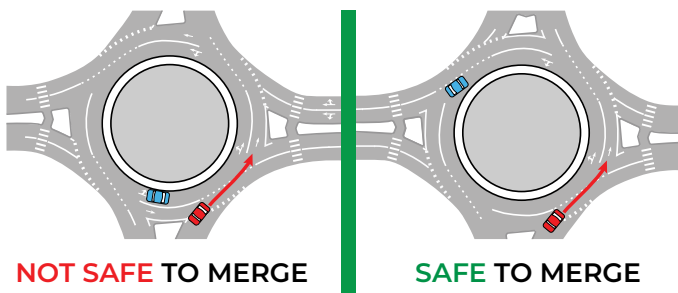

WHAT IS A ROUNDABOUT?

A roundabout is a circular intersection that has no traffic signal. Vehicles flow around a center island and must not stop.

HERE'S WHAT YOU NEED TO KNOW

First yield, then you should merge into the roundabout when there is a safe gap in traffic.

IF YOU ARE

GOING STRAIGHT THROUGH
Use either lane

TURNING LEFT
Use inner lane

TURNING RIGHT
Use outer lane
