About

The Florida Department of Transportation is reconstructing approximately 1.354 miles of S.R. 25/S.R. 80 (U.S. 27) from Industrial Canal to West Sagamore Avenue in Hendry County.

The project primarily consists of rigid pavement reconstruction and associated roadway improvements. The construction contract amount is approximately \$4.8 million.

Construction is scheduled to begin October 2026, and is anticipated to be completed June 2027, weather and unforeseen conditions permitting.

Temporary lane closures, traffic shifts and reduced speeds may be necessary. Motorists should use caution, follow posted signs and allow additional travel time while construction is underway.
