City	Fort Myers
County	Charlotte Lee
Road	SR 31
Letting	

About

The State Road (SR) 31 corridor serves as the primary north-south connection through a predominantly rural area of unincorporated Lee and Charlotte Counties. The Florida Department of Transportation assisted in the development of a PD&E study to evaluate the potential widening of SR 31 from North River Road (County Road 78) to Cook Brown Road. The total project length is approximately 4 miles.
