

I-75 Southwest Connect North Corridor Managed Lanes Study 442518-1

Project Details	
Work Type	Master Plan
Phase	Planning
Limits	I-75 from south of River Road (SR 777) to north of Moccasin Wallow Road
Length	40 miles
City	Bradenton Palmetto Sarasota Venice
County	Manatee Sarasota
Road	I-75 SR 777

About

The Southwest Connect™ I-75 North Corridor is 40 miles in length and traverses the major urban areas of Sarasota and Bradenton. It also crosses the navigable Manatee River in Manatee County near the northern project terminus. The functional classification of I-75 within the project limits is Urban Principal Arterial - Interstate.

This segment of I-75 consists of six and eight-lane divided typical sections. Existing right of way along the corridor ranges from approximately 300 feet to 550 feet in width.

The Department is conducting a **Planning** Study from *south of River Road (SR 777) in Sarasota County to north of Moccasin Wallow Road in Manatee County* that makes up and will evaluate the future needs of the I-75 North Corridor in District One. This study will evaluate strategies for the mainline and interchanges, including managed lanes, that will improve accessibility, mobility, and safety. Results of this study will be documented in this corridors **Master Plan**.
