

Financial Project Identification Number: 444906-1-32-01

Polk County

# State Road 572 (Drane Field Road) at Waring Road

## Design Project Begins

The project will construct a multi-lane roundabout at the intersection of Drane Field Road (State Road 572) and Waring Road, and remove the existing mast arm traffic signals. The proposed roundabout design will require the addition of storm sewers, inlets, closed flumes, and manholes for stormwater conveyance.

The typical section for the proposed project consists of a multi-lane roundabout (RAB) with travel lanes that vary from 12 to 14', a 170' inscribed diameter, and a 16 to 32' wide circulating roadway. The drainage will be a combination of a closed system utilizing curb and gutter and on open system with roadside ditches.

We value your input on this project. Please see the project website (below) to join our mail/email list for project updates or to make a comment at any time.

We will be presenting the proposed design to the public for comment and feedback at a public meeting scheduled for late 2022. All information about the meeting (including virtual options) will be included in our project newsletters and on the project website.
