

S.R. 72 (Clark Road) PD&E Study

From East of I-75 to Lorraine Road

June 2026

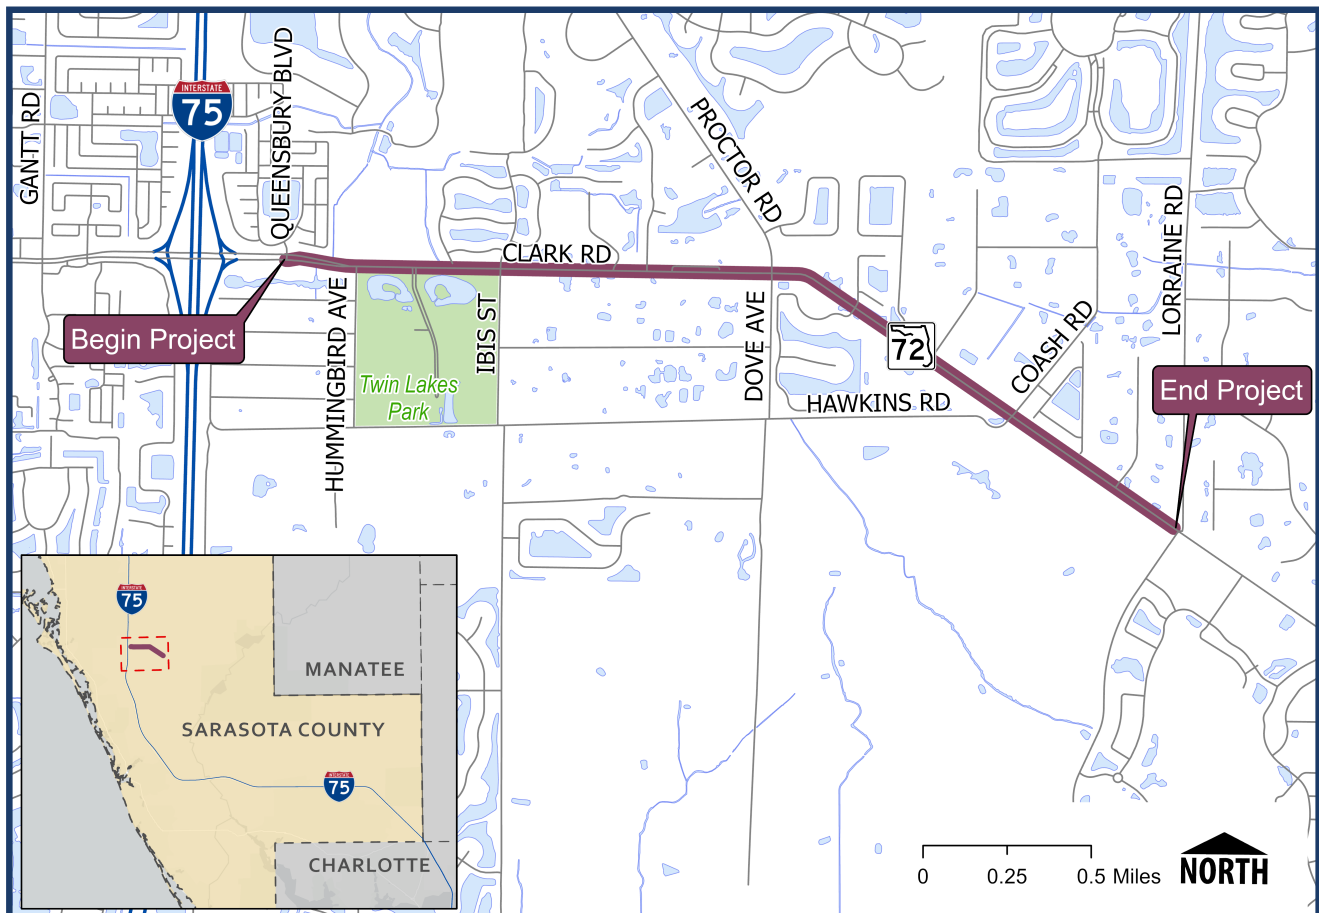

Sarasota County – FPID No.: 444634-1

PD&E STUDY COMPLETE

On May 19, 2026, the Florida Department of Transportation (FDOT) Office of Environmental Management (OEM) granted Location and Design Concept Acceptance for the State Road (S.R.) 72 (Clark Road) Project Development and Environment (PD&E) Study.

The project limits are along S.R. 72 from east of I-75 to Lorraine Road in Sarasota County, a distance of approximately 3.4 miles. The proposed improvements include widening the existing S.R. 72 roadway from two lanes to four lanes with a raised median, curb and gutter, and shared use paths on both sides. Multilane roundabouts are proposed at the intersections of S.R. 72 and Ibis Street/Talon Boulevard, Proctor Road/Dove Avenue, Hawkins Road/Coash Road, and Lorraine Road. Additional information is available on the project website at www.swflroads.com/project/444634-1. The project is now eligible to move to the next phase of development.

The environmental review, consultation, and other actions required by applicable federal environmental laws for this project are being, or have been, carried out by FDOT pursuant to 23 U.S.C. § and a Memorandum of Understanding dated May 26, 2022, and executed by the Federal Highway Administration (FHWA) and FDOT.
