PROJECT OVERVIEW

The objective of this project is to improve safety, enhance traffic flow, and reduce crashes to the SR 739 corridor by constructing a continuous raised median, with bi-directional and full median openings, from the Caloosahatchee River to north of SR 78. Improvements also include:

- Resurfacing of the roadway
- Restriping the roadway to include bicycle lanes in each direction
- Upgrading the traffic signal at Pondella Road

- Lighting, signing, and drainage improvements

Additionally, new mid-block pedestrian crossings with special emphasis markings and Pedestrian Hybrid Beacons (PHB) will be constructed south of Pondella Road and at Mariana Avenue.

This meeting is being held to present project information and provide an opportunity for the public to offer feedback. FDOT will accept written comments during and after the meeting. Please submit your comments by September 26, 2022, to be included in the formal public meeting record.
