February 2023

The Florida Department of Transportation (FDOT), District One, invites you to the public meeting for the proposed median improvements along State Road (SR) 776 from Charlotte County Line to Tangerine Woods Boulevard, FPID 447882-1. The purpose of this project is to provide access management improvements along SR 776 with the intent of enhancing traffic flow and reducing crashes. Changes include converting the two-way left turn lanes along SR 776 to full median and directional turn lanes. Signing and pavement markings will be updated as well. This public meeting is being held to present information about the proposed design and gather public input. Resurfacing, restoration and rehabilitation improvements will be addressed as part of a “goes with” project, FPID 451014-1.
