

Subject Line: Public Meeting Invitation for The County Line Road Project Development & Environment (PD&E) Study from Amberjack Boulevard to Frontage Road South in Polk and Hillsborough Counties FPID No.: 446404-1.

Good afternoon,

The Florida Department of Transportation (FDOT), District One, invites you to a public meeting for the County Line Road Project Development and Environment (PD&E) Study from Amberjack Boulevard to Frontage Road South in Polk and Hillsborough Counties. The County Line Road Feasibility Study has advanced into the PD&E phase and is now referred to as the County Line Road PD&E Study.

The purpose of this project is to evaluate the separation of CSX A-Line railroad and County Line Road in Polk and Hillsborough Counties. This study includes traffic and pedestrian improvements along both County Line Road and US 92. The County Line Road study limits extend from Amberjack Boulevard north to Frontage Road South.

These proposed improvements are intended to enhance safety for the traveling public along County Line Road by separating the vehicle and pedestrian movements from the railroad crossing. The preliminary alternatives were developed and will be presented at this public meeting along with providing the community with an opportunity to meet the project team and provide comment.

FDOT provides three ways to participate:
