I-75 at Daniels Parkway Interchange Improvements

CONSTRUCTION PROJECT

The Florida Department of Transportation (FDOT) begins construction on the I-75 at Daniels Parkway (Exit 131) Interchange Improvements in early January 2026. The interchange improvements include the design of a Diverging Diamond Interchange (DDI), which will significantly reduce delay on Daniels Parkway, and reduce the number of conflict points to improve overall safety for all users. The DDI also offers the ability to accommodate future traffic volume growth. When necessary, motorists should anticipate lane closures on I-75 between 9 p.m. and 7 a.m. and between 8 p.m. and 7 a.m. on Daniels Parkway, with the exception of three hours before, during and three hours after Spring Training baseball games at Hammond Stadium and Jet Blue Park.

Improvements include:

- Reconstruction of the Daniels Parkway Interchange converting it to a Diverging Diamond Design
- Reconstruction of the interchange on and off ramps
- Construct pedestrian and bicycle accommodations through the interchange
- Installation of new signals at the ramps
- Resurfacing Daniels Parkway through the project area

PROJECT SCHEDULE

PHASE	START	ACTIVITIES
PHASES 1 & 2	Early 2026	Install temporary signals Begin ramp widening Start resurfacing on Daniels Parkway Begin construction of ponds Implement pedestrian and bicycle detours Widening along north side of Daniels Parkway Watermain removals and drainage improvements
PHASES 3 & 4	Late 2026	Complete pavement widening along north side of Daniels Parkway Reconstruct and widen ramps Widening along northbound I-75 Widen south side of Daniels Parkway
PHASES 5 & 6	Fall 2027	Complete south side widening of Daniels Parkway Resurfacing on eastbound Daniels Parkway Finish construction of ramps Install permanent overhead sign foundations Rebuild medians along Daniels Parkway
PHASES 6 & 7	Spring 2028	Complete channelizing traffic islands Finish permanent signal construction Install overhead signage Install drilled shaft foundations for DDI crossover Finalize permanent lighting system Apply temporary markings Complete permanent DDI signal system Install final signage and pavement markings Complete final paving Prepare interchange for full DDI opening

* Schedule is tentative, subject to change, and weather permitting

CONSTRUCTION STARTS JANUARY 2026

ESTIMATED PROJECT COST \$42.8 Million
