

PUBLIC INVOLVEMENT PLAN

Florida Department of Transportation, District One

SR 70 PD&E Study

From West of SR 31 to SE Highlands County Line Road

Desoto County

FPID 451942-1-22-01

Federal Aid Project Number TBD

ETDM Number 14569

In accordance with Part 1, Chapter 11 of the Project Development and Environment (PD&E) Manual, this Public Involvement Plan is submitted to the manager of the District office in charge of PD&E studies as appropriate based on the District organizational structure for his/her review and approval.

PUBLIC INVOLVEMENT PLAN

State Road (SR) 70 PD&E Study

From West of SR 31 to SE Highlands County Line Road

Desoto County

The purpose of this Public Involvement Plan (PIP) is to assist in providing information to and obtaining input from concerned citizens, agencies, private groups (residential/business), and governmental entities. The overall goal of this plan is to help ensure that the study reflects the values and needs of the communities it is designed to benefit. This plan is in compliance with the Florida Department of Transportation's *Project Development and Environment (PD&E) Manual, Part 1, Chapter 11*.

Description of Proposed Improvements

Financial Project ID: 451942-1-22-01

Federal Aid Project Number: TBD

Efficient Transportation
Decision Making (ETDM)
Number: 14569

Project Limits: The SR 70 PD&E project area extends from west of SR 31 approximately 16.7 miles to SE Highlands County Line Road, as shown in **Figure 1**.

Proposed Activity: The purpose of the study is to improve traffic safety conditions, emergency evacuation, and incident response times; maintain important east-west connectivity within the regional transportation network and accommodate freight activity along SR 70 in Desoto County, Florida. Alternatives to be evaluated shall include the widening of SR 70 from two to four lanes from west of SR 31 to the SE Highlands County Line Road.

Tentative Class of Action: It is anticipated that the class of action for this project will be a Type II Categorical Exclusion.

I. Project Background

The project section of SR 70 is classified as a rural principal arterial and is designated as part of Florida's Strategic Intermodal System (SIS) network. SR 70 is one of the primary east-west facilities in south-central unincorporated DeSoto County, providing access to agricultural and ranching operations and freight distribution centers. The project is located east of US 17, near the City of Arcadia.

SR 70, within the project limits, generally consists of a two-lane rural typical section with 12-foot lanes and six-foot shoulders of which four to five feet are paved. The segment from west of SR 31 to west of Townsend Road consists of a four-lane typical section. From CR 760 to SE

Highlands County Line Road, there are eight-foot shoulders of which four to five feet are paved. Existing right-of-way ranges from approximately 180 to 350 feet throughout the corridor. The Florida Department of Transportation (FDOT) will evaluate options for widening SR 70 from two to four lanes from west of SR 31 to SE Highlands County Line Road to address safety conditions, maintain connectivity, and accommodate freight activity within the area. This project will tie into an ongoing SR 70 widening study (FPID 451649-1) located to the east of the subject project limits.

II. Project Goals

The following goals and objectives have been identified for this study:

- Improve traffic safety conditions, emergency evacuation, and incident response times,
- Maintain important east-west connectivity within the regional transportation network, and,
- Accommodate freight activity.

III. Identification of Elected/Appointed Officials and Agencies

Federal and State agencies, as well as Native American Tribes, having a concern in this project due to jurisdictional review or expressed interest have been identified and will be contacted directly by the Florida Department of Transportation (FDOT) through the Advance Notification (AN) process at the outset of the project in accordance with the PD&E Manual, Part 1, Chapter 3, Preliminary Environmental Discussion and Advance Notification. These contacts can be found in the Advance Notification (AN) package in the Environmental Screening Tool, under project #451942-1-22-01. Visit <https://etdmpub.flh-est.org> to access the Official Transmittal List in the AN Package. Subsequent contact list updates can be found in the Comments and Coordination Report.

Federal Agencies

- Federal Railroad Administration
- Federal Highway Administration
- Federal Transit Administration
- Federal Emergency Management Agency
- Federal Aviation Administration - Airports District Office
- U.S. Army Corps of Engineers
- U.S. Army Corps of Engineers - Regulatory Branch
- U.S. Coast Guard
- U.S. Department of Commerce - National Marine Fisheries - Habitat Conservation Division
- U.S. Department of Interior - U.S. Geological Survey
- U.S. Department of Interior - Bureau of Land Management - Eastern States Office
- U.S. Department of Interior - U.S. Fish and Wildlife Service
- U.S. Department of Interior - National Park Service - Southeast Regional Office
- U.S. Department of Interior - Bureau of Indian Affairs - Office of Trust Responsibilities
- U.S. Department of Housing and Urban Development
- U.S. Environmental Protection Agency - Region IV
- U.S. Department of Health and Human Services - National Center for Environmental Health

- U.S. Department of Agriculture - Natural Resources Conservation Service - State Conservationist
- U.S. Forest Service

Native American Tribes

- Miccosukee Tribe of Indians of Florida
- Muscogee (Creek) Nation
- Poarch Band of Creek Indians of Alabama
- Seminole Nation of Oklahoma
- Seminole Tribe of Florida

State Agencies

- Florida Department of State - Division of Historical Resources – State Historic Preservation Officer
- Florida Department of Agriculture and Consumer Services
- Florida Department of Corrections – DeSoto Correctional Institution
- Florida Department of Environmental Protection – Office of Intergovernmental Programs (State Clearinghouse)
- Florida Fish and Wildlife Conservation Commission
- Florida Department of Economic Opportunity
- Florida Department of Health - Environmental Health Section
- Florida Department of Transportation - Federal-Aid Programs Coordinator
- Florida Department of Transportation - Office of Environmental Management
- Florida Department of Transportation - District Planning
- Florida Department of Community Affairs

Regional Agencies

- South Florida Water Management District (SFWMD)
- Southwest Florida Water Management District (SWFWMD)
- Central Florida Regional Planning Council
- Heartland Regional Transportation Planning Organization

As other concerned public agencies are identified throughout the study, they also will be listed and contacted. This list will be updated prior to each mailing. Subsequent contact list updates can be found in the Comments and Coordination Report.

Local Elected and Appointed Officials

The following elected officials will be contacted directly by FDOT. **Appendix A** lists contact information for the following elected officials at project execution. Subsequent contact list updates can be found in the Comments and Coordination Report.

Federal Delegation

U.S. Senators
U.S. Representative, District 18

Florida Senators for Local District

Senator, District 27

Florida State House of Representatives for Local Districts

Sheriff
Supervisor of Elections
Superintendent of Schools
Emergency Management Director
Deputy Chief of Operations
Public Safety Director
Public Information
Development Services Director
Community Programs Director
Road and Bridge Director
Parks and Recreation Director
County Engineer
Planning and Zoning Manager
Economic Development
FHP, Troop F, Northern Region

Subsequent contact list updates can be found in the Comments and Coordination Report. Updates are expected to occur prior to the public meeting, the public hearing, and Federal Location and Design Concept Acceptance (LDCA).

IV. Identification of Affected Communities and Stakeholders

This project is within a rural portion of unincorporated DeSoto County. A map of the project area is provided on page 2 of this document.

The demographic study area is home to a predominantly “White Alone” population. However, based on the ACS 2018-2022 language trends of DeSoto County, many limited English proficiency (LEP) residents may be impacted due to the project's construction. Therefore, the project team will translate all notification materials into Spanish and ensure bilingual team members are present at all public meetings. See **Appendix B** for the Sociocultural Data Report.

The following local, state, and national public interest groups or organizations having a direct or expressed interest in the project study have been identified and will be contacted by the FDOT. **Appendix C** lists contact information for potential stakeholders.

- DeSoto County Chamber of Commerce

- Catholic Charities Diocese of Venice, Inc.
- Casa San Juan Bosco, Inc Farmworker Community
- Archbold Biological Station
- The Nature Conservancy
- 1000 Friends of Florida
- Peace River Audubon Society
- Defenders of Wildlife
- Florida Defenders of the Environment
- Florida Sierra Club
- Florida Wildlife Federation

In addition, all public and private groups, organizations, agencies, and/or businesses that request placement will be added to the project mailing list.

V. Outreach Activities

The following techniques may be used to notify the public of the proposed transportation improvement and to solicit public input into the project development process.

Media will be notified through FDOT District One Communications Media List, that the FDOT maintains.

In addition to working with the media, various notification techniques will be used throughout the project development process. A brief description of these techniques is provided below.

Letters/Newsletters:

Invitational and informational letters and newsletters will be distributed to elected and appointed officials, property owners/tenants, business owners/operators, and interested parties, as necessary. It is anticipated that three (3) newsletters will be

distributed for this study: at the project kickoff, in advance of the public hearing, and upon completion of the study. Notices may be hand delivered to residences and business located directly along the project corridor as deemed necessary by FDOT. Elected Officials will receive notification via email from the District Planning and Environmental Manager. Appointed officials will receive notification via email from the District Communications Specialist.

News/Press Releases:

News/press releases will be submitted to the District's Communications Office 14 days prior to each public meeting and the public hearing. A press release will also be distributed to announce Federal LDCA at the end of the study.

**Public Notices/
Legal Display Ads:**

Public advertisement will consist of a legal display advertisement published in the area newspaper with the largest circulation, The Arcadian, twice prior to the public hearing, and once to announce Federal LDCA at the end of the study. Notices will also be published in the Florida Administrative Register and on the FDOT Public Meeting Notices Website at least seven days prior to each meeting/hearing.

Public Announcements:

To distribute PD&E study information, fliers may be made available to organizations such as neighborhood and civic groups, FDOT, and DeSoto County to publish in existing newsletters and websites. Any such correspondence will be coordinated through the District's Communications Office.

**Direct Mail List
For Notifications:**

The following will be contacted by direct mail to obtain input throughout the project development process and/or to provide project information:

- Those whose property lies, in whole or part, within at least 300 feet on either side of the centerline of each project alternative (Section 339.155 FS), as well as other local citizens who may be impacted by the construction of this project. This portion of the mailing list will be based on the County Property Appraiser's tax rolls. A map showing the parcels to receive these notifications and the initial property owners mailing list can be found in **Appendix D**.
- Appointed public officials or individuals who request to be placed on the mailing list for this project. (Elected officials will receive notification via email from the District Planning and Environmental Manager.)
- Public and private groups, organizations, agencies, or businesses that request to be placed on the mailing list for this project.

Techniques:

Presentations to Local Officials: Presentations may be given to local officials and agencies, such as the local MPO, prior to the

public hearing. The purpose is to inform them of the project status, specific location and design concepts, and to receive their comments.

Public Hearing: A formal public hearing, as required by Federal Regulations and State Law, will be held.

Informal Meetings: In addition to the scheduled public hearing, additional “Meeting in a Box” sessions may be held upon request from the public, elected and appointed officials, public agencies, or civic groups. The purpose of these meetings will be to apprise the attendees of the project status, specific location, and design concepts, and to receive input. The Department will be available with appropriate notice to attend meetings or make presentations.

Project Webpage: A project webpage will be developed in accordance with current District standards to provide current project information to elected officials, agencies, and the public. Links will be provided to allow the public to submit comments, sign up for the mailing list, and to view or download project documents:

The address for the webpage will be:

<https://www.swflroads.com/project/451942-1>

VI. Coordination with Local Agencies

Copies of aerial maps depicting all alignment and design concepts under consideration, along with draft copies of engineering and environmental study documentation, will be furnished to the County Engineers, with their review and written comments solicited. Updated information will also be forwarded to the county(s) for review and comment prior to the scheduled public hearing.

The Consultant will notify the Department's liaison for DeSoto County of project execution. The Department's liaison will coordinate with the Project Manager to schedule meetings with DeSoto County and the Heartland Regional Transportation Planning Organization (HRTPO).

VII. Public Hearing

A public hearing will be held in compliance with the PD&E Manual, 23 CFR 771, and Section 339.155, FS.

Public Hearing Site:	The public hearing will be held at an appropriate facility convenient to the study area. Justification of facility selection will be documented in the Comments & Coordination Report.
Public Advertisement:	A legal display advertisement will appear in <i>The Arcadian</i> twice (at least 15 days and no more than 30 days) prior to the public hearing. All advertisements will be sent to local newspapers via email or registered mail, with a return receipt requested. In addition, an announcement of the public hearing will be published in the <i>Florida Administrative Register</i> and on FDOT's Public Meeting Notices Website at least seven days prior to the public hearing.
Letters of Invitation:	Notifications will be mailed to all property owners as required by Section 339.155, FS, and to local elected and appointed government officials notifying them of the upcoming public hearing. Notices also will be hand-delivered to residences and businesses located directly along the project corridor as deemed necessary by the FDOT (optional).
Hearing Preparation:	Slide presentations and/or video presentations, project corridor aerial maps, graphics, and handouts will be prepared to supplement the oral public hearing presentation.
Transcript:	A verbatim transcript of the public hearing will be compiled to include the official court reporter's transcription, errata sheet, and script of the recorded presentation, if applicable. This document will be included as a part of the Comments and Coordination report and will be used as a summary of the hearing.
Documents for Public Review:	All draft documents to support PD&E studies will be available for public review at least 21 calendar days prior to the public hearing date.

**Locations for
Public Review:**

Public notice will be provided in the public hearing advertisement and by mailed invitational letters as to where the study documents are located for public review. Project documents will also be available digitally on the project webpage.

Suggested public review sites are:

Florida Department of Transportation, District One
801 North Broadway Avenue
Bartow, Florida 33830

and

DeSoto County Library
125 N Hillsborough Ave
Arcadia, Florida 34266

**Title VI and
Related Statutes:**

Information about the Title VI Program will be provided in the presentation, by handout, signage, and through availability of personnel, on the Title VI Program and the Relocation Assistance Program.

**ADA
Compliance:**

Notification of the Department's intent to comply with the Americans with Disabilities Act (ADA) will be provided in the public advertisements for the public hearing, in invitational letters to property owners/tenants and local officials, in handouts, and by selection of a public hearing site that meets all ADA requirements.

VIII. Public Hearing Follow-Up

The following procedures will occur after the public hearing.

Responses:

Responses to all letters received as a result of the hearing, as well as any questions and comments not addressed during the public hearing, will be provided in writing.

**Public Hearing
Transcript Package:**

A Transcript Package will be produced per the latest requirements by the Office of Environmental Management (OEM) and submitted following the public hearing. The Transcript Package will be certified by the Project Manager before being entered into SWEPT and will include the public hearing transcript prepared by an approved court reporter and an errata sheet detailing any transcript discrepancies. It may also include other items, such as a copy of all correspondence received by the Department as part of the public hearing record, and affidavits of publication for newspaper ads advertising the hearing.

**Recommendation
Notice:**

A legal notice announcing the OEM's approval of the final document and recommendations (LDCA) will be published in The Arcadian. In addition, a press release to local media, a newsletter to property owners, and an email to local officials may be included as a part of the recommendation notice.

**Comments and
Coordination Report:**

A Comments and Coordination Report will be developed to summarize the public meeting results and recommendations. The report will also contain the overall input provided through the other public involvement techniques utilized in the project development process. This report will also document any deviations made from the original PIP submitted at the onset of the project.

IX. Public Involvement During Design

The design Project Manager is anticipated to maintain the appropriate level of public involvement activities throughout the final design process. These activities may include additional coordination meetings with local government and environmental permitting agencies, work sessions, and small group meetings, as directed by FDOT.

Community Facilities

The community facilities information below is useful in a variety of ways for environmental evaluations. These community resources should be evaluated for potential sociocultural effects, such as accessibility and relocation potential. The facility types may indicate the types of population groups present in the project study area. Facility staff and leaders can be sources of community information such as who uses the facility and how it is used. Additionally, community facilities are potential public meeting venues.

Data Sources

ACS vs Census Data

(1) The 2010 and 2020 Census data is represented by a combination of decennial and ACS data. The 2010 decennial is combined with the 5-year ACS data for 2006-2010 and the 2020 decennial is combined with the 5-year ACS data for 2016-2020. The General Population Trends, Race and Ethnicity Trends, and Age Trends are entirely from the decennial. The Income Trends, Disability Trends, Educational Attainment Trends, and Language Trends are entirely from the ACS. The Housing Trends section is derived from both: Decennial (Total # Housing Units, Housing Units per Acre, Owner-Occupied Units, Renter-Occupied Units, Vacant Units); ACS (Single-Family Units, Multi-family Units, Mobile Homes, Median Housing Value, Occupied Housing Units w/No Vehicle).

Area

(2) The geographic area of the community based on a user-defined community boundary or area of interest (AOI) boundary.

Jurisdiction

(3) Jurisdiction(s) includes local government boundaries that intersect the user-defined community or AOI boundary.

Goals, Values and History

(4) Information under the headings Goals and Values and History is entered manually by the user before the Sociocultural Data Report (SDR) is generated. This information is usually not available for communities with boundaries that are based on Census-defined places (i.e., not user-specified).

Demographic Data

(5) Demographic data reported under the headings General Population Trends, Race and Ethnicity Trends, Age Trends, Income Trends, Educational Attainment Trends, Language Trends, and Housing Trends is from the U.S. Decennial Census for 1990 and 2000 and the American Community Survey (ACS) 5-year estimates for 2006-2010 and . The data was gathered at the block group level for user-defined communities, Census places, and AOIs, and at the county level for counties. Depending on the dataset, the data represents 100% counts (Census Summary File 1) or sample-based information (Census Summary File 3 or ACS). For more information about using demographic data, please see the training videos located here: <https://www.fdot.gov/environment/pubs/sce/sce1.shtm>.

About the Census Data

(6) The block group analysis for project alternatives and AOIs do not always correspond precisely to block group boundaries. This report does not adjust the geographic area or data of affected block groups. It includes demographic summaries from any block group that overlaps the project alternative buffer or AOI boundary. Therefore, population that falls out of the SDR analysis area may be included in the results. Note that there may be areas where there is no population.

(7) Use caution when comparing the 100% count data (Decennial Census) to the sample-based data (ACS). In any given year, about one in 40 U.S. households will receive the ACS questionnaire. Over any five-year period, about one in eight households will receive the questionnaire, as compared to about one in six that received the long form questionnaire for the Decennial Census 2000. (Source: https://www.census.gov/content/dam/Census/programs-surveys/acs/news/10ACS_keyfacts.pdf) The U.S. Census Bureau provides help with this process: <https://www.census.gov/programs-surveys/acs/guidance/comparing-acs-data.html>

(8) Race and ethnicity are separate questions on the Census questionnaire. Individuals can report multiple race and ethnicity answers; therefore, numbers in the Race and Ethnicity portion of this report may add up to be greater than the total population. In addition, use caution when interpreting changes in race and ethnicity over time. Starting with the 2000 Decennial Census, respondents could select one or more race categories. Also in 2000, the placement of the question about Hispanic origin changed, helping to increase responsiveness to the Hispanic-origin question. Because of these and other changes, the 1990 data on race and ethnicity are not directly comparable with data from later censuses. (Source: <https://www.census.gov/library/publications/2001/dec/c2kbr01-01.html>)

(9) The "Minority" calculations use both the race and ethnicity responses from Census and ACS data. In this report, "Minority" refers to individuals who list a race other than White and/or list their ethnicity as Hispanic/Latino. In other words, people who are multi-racial, any single race other than White, or Hispanic/Latino of any race are considered minorities. We use the following formula: $MINORITY = TOTALPOP - WHITE_NH$ where TOTALPOP is the Total Population and WHITE_NH is the population with a race of White alone and an ethnicity of Not Hispanic or Latino. Translating this to the field names used in the census ACS source data, the formula looks like this: $MINORITY = B01003_E001 - B03002_E003$. (Note, the WHITE_NH population is not reported separately in this report.)

(10) Disability data is not included in the 2010 Decennial Census or the 2006-2010 ACS. This data is available in the ACS 2018-2022 ACS. Because of changes made to the Census and ACS questions between 1990 and ACS, disability variables should not be compared from year to year. For example: 1) with the 1990 data, the disabilities are listed as a "work disability" while this distinction is not made with 2000 or ACS data; 2) the ACS data includes the institutionalized population (e.g. persons in prisons and group homes) while this population is not included in 1990 or 2000; and 3) the age groupings changed over the years.

(11) The category Bachelor's Degree or Higher under the heading Educational Attainment Trends is a subset of the category High School Graduate or Higher.

(12) Income of households. This includes the income of the householder and all other individuals 15 years old and over in the household, whether they are related to the householder or not. Because many households consist of only one person, average household income is usually less than average family income.

(13) Income of families. In compiling statistics on family income, the incomes of all members 15 years old and over related to the householder are summed and treated as a single amount.

(14) Age trends. The median age for 1990 is not available.

Land Use Data

(15) The Land Use information Indicates acreages and percentages for the generalized land use types used to group parcel-specific, existing land use assigned by the county property appraiser office according to the Florida Department of Revenue land use codes.

Community Facilities Data

- (16) Assisted Rental Housing Units - Identifies multifamily rental developments that receive funding assistance under federal, state, and local government programs to offer affordable housing as reported by the Shimberg Center for Housing Studies, University of Florida.
- (17) Mobile Home Parks - Identifies approved or acknowledged mobile home parks reported by the Florida Department of Business and Professional Regulation and Florida Department of Health.
- (18) Migrant Camps - Identifies migrant labor camp facilities inspected by the Florida Department of Health.
- (19) Group Care Facilities - Identifies group care facilities inspected by the Florida Department of Health.
- (20) Community Center and Fraternal Association Facilities - Identifies facilities reported by multiple sources.
- (21) Law Enforcement Correctional Facilities - Identifies facilities reported by multiple sources.
- (22) Cultural Centers - Identifies cultural centers including organizations, buildings, or complexes that promote culture and arts (e.g., aquariums and zoological facilities; arboreta and botanical gardens; dinner theaters; drive-ins; historical places and services; libraries; motion picture theaters; museums and art galleries; performing arts centers; performing arts theaters; planetariums; studios and art galleries; and theater producers stage facilities) reported by multiple sources.
- (23) Fire Department and Rescue Station Facilities - Identifies facilities reported by multiple sources.
- (24) Government Buildings - Identifies local, state, and federal government buildings reported by multiple sources.
- (25) Health Care Facilities - Identifies health care facilities including abortion clinics, dialysis clinics, medical doctors, nursing homes, osteopaths, state laboratories/clinics, and surgicenters/walk-in clinics reported by the Florida Department of Health.
- (26) Hospital Facilities - Identifies hospital facilities reported by multiple sources.
- (27) Law Enforcement Facilities - Identifies law enforcement facilities reported by multiple sources.
- (28) Parks and Recreational Facilities - Identifies parks and recreational facilities reported by multiple sources.
- (29) Religious Center Facilities - Identifies religious centers including churches, temples, synagogues, mosques, chapels, centers, and other types of religious facilities reported by multiple sources.
- (30) Private and Public Schools - Identifies private and public schools reported by multiple sources.
- (31) Social Service Centers - Identifies social service centers reported by multiple sources.
- (32) Veteran Organizations and Facilities

County Data Sources

ACS vs Census Data

(1) The 2010 and 2020 Census data is represented by a combination of decennial and ACS data. The 2010 decennial is combined with the 5-year ACS data for 2006-2010 and the 2020 decennial is combined with the 5-year ACS data for 2016-2020. The General Population Trends, Race and Ethnicity Trends, and Age Trends are entirely from the decennial. The Income Trends, Disability Trends, Educational Attainment Trends, and Language Trends are entirely from the ACS. The Housing Trends section is derived from both: Decennial (Total # Housing Units, Housing Units per Acre, Owner-Occupied Units, Renter-Occupied Units, Vacant Units); ACS (Single-Family Units, Multi-family Units, Mobile Homes, Median Housing Value, Occupied Housing Units w/No Vehicle).

About the Census Data

(34) Use caution when comparing the 100% count data (Decennial Census) to the sample-based data (ACS). In any given year, about one in 40 U.S. households will receive the ACS questionnaire. Over any five-year period, about one in eight households will receive the questionnaire, as compared to about one in six that received the long form questionnaire for the Decennial Census 2000. (Source: https://www.census.gov/content/dam/Census/programs-surveys/acs/news/10ACS_keyfacts.pdf) The U.S. Census Bureau provides help with this process: <https://www.census.gov/programs-surveys/acs/guidance/comparing-acs-data.html>

(35) Race and ethnicity are separate questions on the Census questionnaire. Individuals can report multiple race and ethnicity answers; therefore, numbers in the Race and Ethnicity portion of this report may add up to be greater than the total population. In addition, use caution when interpreting changes in race and ethnicity over time. Starting with the 2000 Decennial Census, respondents could select one or more race categories. Also in 2000, the placement of the question about Hispanic origin changed, helping to increase responsiveness to the Hispanic-origin question. Because of these and other changes, the 1990 data on race and ethnicity are not directly comparable with data from later censuses. (Source: <https://www.census.gov/library/publications/2001/dec/c2kbr01-01.html>)

(36) The "Minority" calculations use both the race and ethnicity responses from Census and ACS data. In this report, "Minority" refers to individuals who list a race other than White and/or list their ethnicity as Hispanic/Latino. In other words, people who are multi-racial, any single race other than White, or Hispanic/Latino of any race are considered minorities. We use the following formula: MINORITY = TOTALPOP - WHITE_NH where TOTALPOP is the Total Population and WHITE_NH is the population with a race of White alone and an ethnicity of Not Hispanic or Latino. Translating this to the field names used in the census ACS source data, the formula looks like this: MINORITY = B01003_E001 - B03002_E003. (Note, the WHITE_NH population is not reported separately in this report.)

(37) Disability data is not included in the 2010 Decennial Census or the 2006-2010 ACS. This data is available in the ACS 2018-2022 ACS. Because of changes made to the Census and ACS questions between 1990 and ACS, disability variables should not be compared from year to year. For example: 1) with the 1990 data, the disabilities are listed as a "work disability" while this distinction is not made with 2000 or ACS data; 2) the ACS data includes the institutionalized population (e.g. persons in prisons and group homes) while this population is not included in 1990 or 2000; and 3) the age groupings changed over the years.

(38) The category Bachelor's Degree or Higher under the heading Educational Attainment Trends is a subset of the category High School Graduate or Higher.
